

Introducing New Book “Replacement Theology—Critical Issues and Dangers”

By David Dunlap

Replacement Theology is the view that the Church has permanently replaced Israel as the people of God. In this view, God is now finished with Israel as a nation forever. In recent years, Replacement theology has gained more and more popularity among evangelical Christians.

The relationship between Israel and the church continues to be a controversial topic. At the heart of this controversy is the question: Does God have a future plan for the nation of Israel? This topic is not an academic thesis for proponents and opponents to debate in the ivory towers of higher learning. No, this is a topic that will affect the way we view and understand many of the important doctrines of Scripture.

This book is an effort to explain, in language all Christians can understand, some of the important issues that are at stake and the dangers and consequences of Replacement Theology.

What Others Are Saying:

“Replacement Theology by David Dunlap is a comprehensive introductory survey of the pertinent issues arising from God’s programme in the distinction between Israel as a nation and the New Testament church. An informative book that challenges us to check the theological framework of our choice in the hermeneutical method, its processes and its ministry implications for the local church in its witness and testimony.”

**—Anthony Too, Elder, Jalan Imbi Chapel
Kuala Lumpur, Malaysia**

“Replacement Theology’s misguided approach to understanding the Bible has not only generated much confusion regarding God’s plan for the nation of Israel, but since its inception it has fueled the horrific evil of anti-Semitism. In this timely volume, David Dunlap explores the origins, development, and ramifications of this spiritually deviant doctrine. It is a must reading and much needed resource for the Lord’s people.”
